DARTMOUTH COLLEGE SEXUAL AND GENDER-BASED MISCONDUCT POLICY

I. STATEMENT OF NON-DISCRIMINATION

Dartmouth College (“Dartmouth”), inclusive of all its schools and faculties, does not discriminate on the basis of sex, race, color, religion, age, disability, status as a veteran, national or ethnic origin, sexual orientation, gender identity, or gender expression, or any other category protected by applicable law, in the administration of its educational policies, admission policies, scholarship and loan programs, employment, or other school administered programs. ¹

II. STATEMENT OF PURPOSE

Dartmouth College is committed to establishing and maintaining a safe learning, living, and working environment where healthy, respectful, and consensual conduct represents the campus cultural norm. To that end, this policy prohibits sexual and gender-based harassment, sexual assault, sexual exploitation, relationship and interpersonal violence, provision of alcohol and/or other drugs for purposes of prohibited conduct, and stalking (together, “Prohibited Conduct”). This policy also prohibits retaliation against an individual for making a good faith report of Prohibited Conduct, for participating in an investigation of an alleged violation of this policy or for Dartmouth decisions made related to an alleged violation. The policy also defines certain prohibited relationships of a sexual or intimate nature between individuals where one individual has power or authority over another. These prohibited forms of conduct undermine the character and mission of Dartmouth College, and will not be tolerated. Students, Faculty or Staff who violate this policy may be subject to disciplinary action, including permanent separation from Dartmouth. In addition, Dartmouth will take steps to eliminate Prohibited Conduct, prevent its recurrence and remedy its effects, as appropriate.

It is the responsibility of every member of the Dartmouth College community to foster an environment free from Prohibited Conduct. All members of the community are encouraged to take reasonable and prudent actions to prevent or stop an act of Prohibited Conduct. This may include direct intervention when safe to do so, enlisting the assistance of others, contacting law enforcement, or seeking assistance from a person in authority. Community members who choose to exercise this positive responsibility will be supported by Dartmouth College and protected from retaliation.

This policy complies with applicable legal requirements including Title IX of the Education Amendments of 1972; the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, as amended by the Violence Against Women Reauthorization Act of 2013; Title VII of the Civil Rights Act of 1964; and other applicable federal and New Hampshire state laws. It supersedes all previous statements of

¹ Throughout this policy, the pronouns “they”, “them”, and “their” are used intentionally to be inclusive of all genders.
Dartmouth College policy on sexual harassment, sexual assault, sexual misconduct, dating violence, domestic violence and stalking.  

III. TO WHOM THIS POLICY APPLIES

This policy applies broadly to the entire Dartmouth community, including undergraduate, graduate, and professional school students in Arts and Sciences, the Guarini School of Graduate and Advanced Studies, the Geisel School of Medicine, the Thayer School of Engineering, the Tuck School of Business, and visiting students in any of these schools (collectively known together as “Students”); those employed by Dartmouth College, including faculty, affiliates, and visiting faculty, postdoctoral fellows, and all staff positions (including all exempt and non-exempt positions, bargaining unit positions, non-faculty academic positions (such as Research Associates, Research Fellows, and Research Scientists) and senior administrative and leadership positions), as well as those adjunct and visiting faculty, physicians, and research or health scientists who are not employed by Dartmouth College but have Dartmouth College faculty, affiliate, postdoctoral, or house staff appointments for the purpose of teaching and/or research at Dartmouth, such as but not limited to the Geisel School of Medicine (together “Faculty and Staff” or “Employees”); contractors, vendors, or other third parties contractually obligated to Dartmouth College (“Third Parties”); and alumni, visitors, or guests of Dartmouth College, including prospective Students or Employees (“Invitees”).

This policy pertains to acts of Prohibited Conduct committed by or against Students, Faculty and Staff, Third Parties and Invitees when:

1. the conduct occurs on Dartmouth College premises or premises under the control of Dartmouth College;

2. the conduct occurs in the context of a Dartmouth College employment, education, or research program or activity, including but not limited to Dartmouth College-sponsored, Dartmouth College-funded or otherwise Dartmouth College-supported study off campus and/or abroad, research, internship, mentorship, summer session, conferences, meetings, social events, or other affiliated programs or premises, either online or in person; or

---

2 Former policies and procedures, which have been superseded by this policy, include, but are not limited to: Notice of Nondiscrimination [Updated November 7, 2015]; Unified Disciplinary Procedures for Sexual Assault by Students and Student Organizations; Undergraduate Disciplinary Procedures for Sexual Harassment, Domestic Violence, Dating Violence, and Stalking; Committee on Standards – Standard III; Geisel School of Medicine Disciplinary Procedures for Sexual Harassment, Domestic Violence, Dating Violence, and Stalking; Graduate Studies Disciplinary Procedures for Sexual Harassment, Domestic Violence, Dating Violence, and Stalking; Thayer School of Engineering Disciplinary Procedures for Sexual Harassment, Domestic Violence, Dating Violence, and Stalking; Tuck School of Business Disciplinary Procedures for Sexual Harassment, Domestic Violence, Dating Violence, and Stalking; Employee Sexual Harassment Policy; Employee Sexual Misconduct Policy [Updated January 26, 2015]; Consensual Relationships Policy and Employment of Relatives/Nepotism Policy; the Geisel Professionalism Policy – Undergraduate Medical Education; Appointments, Promotions, and Titles at the Geisel School of Medicine; and [NEED TO ADD ALL FACULTY HANDBOOKS].
3. the conduct, regardless of location or context, has continuing adverse effects on Dartmouth College premises or in any Dartmouth College employment, education, or research program or activity.

To implement this policy, Dartmouth has developed processes to investigate and/or resolve a report of Prohibited Conduct that could implicate this policy.

The individual making a report will be referred to as the “Complainant.” The individual who is reported to have violated the policy will be referred to as the “Respondent.” There may be instances where another person, who has not experienced but is aware of the occurrence of Prohibited Conduct, may report conduct, and that person is referred to as the “Reporting Party.” In those limited circumstances, Dartmouth will determine which of the protections provided to the Complainant are also applicable to the Reporting Party.

Dartmouth will select the appropriate process to use in a given situation based on the identity of the Respondent. See Section _____ for more information about the specific processes for investigation and resolution.

IV. TITLE IX COORDINATOR

Dartmouth College’s Title IX Coordinator [LINK TO NAME] is charged with coordinating Dartmouth’s compliance with Title IX, with the assistance and support of Deputy Title IX Coordinators. The Title IX Coordinator is responsible for overseeing and providing education and training; coordinating Dartmouth College’s investigation, response, and resolution of all reports under this policy; and, tracking and reporting annually on all incidents in violation of this policy. The name and contact information of the College’s current Title IX Coordinator are accessible via the hyperlink above.

Concerns about Dartmouth College’s application of this policy may also be addressed to the Title IX Coordinator, the Deputy Title IX Coordinator, or the following:

**U.S. Department of Education, Office for Civil Rights**

John F. Kennedy Federal Building
475 Government Center
V. PRIVACY AND CONFIDENTIALITY

Dartmouth College is committed to making reasonable efforts to protect the privacy interests of a Complainant, a Respondent and/or other individuals involved in a report under this policy.

Privacy: For the purposes of this policy, privacy generally means that information related to a report of Prohibited Conduct will be shared with a limited number of individuals who “need to know” in order to ensure the adequate, reliable, and impartial review, investigation, and resolution of the report. All employees who are routinely involved in Dartmouth College’s Title IX response receive specific training and guidance about safeguarding private information in accordance with applicable laws.

Confidentiality: For the purposes of this policy, confidentiality means that campus or community professionals with the statutorily-granted ability to maintain information as privileged cannot reveal identifiable information shared by an individual to any other person without express permission of the individual, or as otherwise permitted or required by law. Those campus and community professionals who have the ability to maintain privileged communications and keep information confidential, referred to as Confidential Resources, include:

1. health care providers (and those who assist in the provision of confidential services) in Dartmouth College Health Services;

2. mental health professionals (and those who assist in the provision of confidential services) in the Dartmouth College Counseling Center (Health Services and the Counseling Center are collectively referred to as “Dick’s House” throughout this document), in the Faculty/Employment Assistance Program, and in any programs that contract with Dartmouth to provide mental health professional services; and
3. ordained clergy, all of whom normally have privileged confidentiality that is recognized by New Hampshire state law.

These individuals are prohibited from breaking confidentiality when they receive information in any of the above capacities, unless (i) given permission to do so by the person who disclosed the information; (ii) there is an imminent threat of harm to self or others; (iii) the conduct involves suspected abuse of a minor under the age of 18; or (iv) as otherwise required or permitted by law or court order.

VI. EMPLOYEE RESPONSIBILITY TO REPORT ALLEGATIONS

There are (3) general categories of Dartmouth employees and the respective ability of each category of individuals to maintain confidentiality differs as follows:

A. **Confidential Resources**: (individuals listed in Section V who have the ability to maintain legally protected confidentiality). Confidential Resources can maintain an individual’s confidentiality, including disclosures by a Reporting Party or Respondent, and will not share any information with Dartmouth College, subject to the exceptions listed above.

B. **Responsible Employees**: As contrasted with the personal decision whether to make a report of Prohibited Conduct, once such a report is made, Responsible Employees are required to immediately convey all known details of incidents of Prohibited Conduct involving Students, Faculty and Staff, Third Parties and Invitees to the Title IX Coordinator, but are able to maintain the privacy of the individual(s) who made the report. “**Responsible Employees**” include employees in a leadership or supervisory position, or who have significant responsibility for the welfare of Students, Faculty or Staff. A supervisor is anyone who has the authority to hire, promote, discipline, evaluate, grade, or direct Students, Faculty or Staff. Responsible Employees include, but are not limited to: the Title IX Coordinator; the President, Vice Presidents and Deans; the Provost; members of the President’s Senior Leadership Group; Deputy Title IX Coordinators; Department of Safety and Security Officers; Human Resources Consultants; faculty department chairs; all teaching faculty; teaching assistants; resident advisors; coaches; and anyone who leads, administers, advises, or directs Dartmouth programs or departments. Students serving in certain positions of leadership or authority, and/or Student employees with significant responsibility for the welfare of other Students, Faculty or Staff are also considered Responsible Employees and receive appropriate training within the context of their specific programs. This list is not exhaustive; any questions about the status of an employee as a Responsible Employee should be addressed to the Title IX Coordinator and/or a Deputy Title IX Coordinator.

C. All other **Employees** are encouraged to share information with the Title IX
Coordinator about any Prohibited Conduct.

D. **Clery Act Reporting:** Pursuant to the Clery Act, Dartmouth College includes statistics about Clery Act crimes in its daily crime log and Annual Security Report and provides those statistics to the United States Department of Education; in all these instances, the information is reported in a manner that does not include personally-identifying information about persons involved in an incident. This includes numbers of incidents (with no detail or personally identifying information) disclosed to Confidential Resources. Dartmouth College will also issue a timely warning to the community for reports of Clery-defined conduct that may constitute a serious and ongoing threat, as outlined in the Annual Security Report.

E. **Public Awareness Events:** Public awareness events such as “Take Back the Night,” “Many Voices,” protests, or other forums in which community members disclose experiences with sexual and gender-based harassment, sexual assault, sexual exploitation, and/or relationship and interpersonal violence, are not considered to be reportable events or notice to Dartmouth of sexual misconduct and will not trigger Dartmouth’s obligation to investigate or take action with respect to such information. However, such events will inform education and prevention efforts, and Dartmouth will continue to provide information about Title IX, support, resources, and options for resolution to attendees at these events.

VII. **PROHIBITED CONDUCT UNDER THIS POLICY**

Conduct under this policy is prohibited regardless of the sexual orientation, gender, gender identity, or gender expression of the Complainant or Respondent.

A. **Sexual or Gender-Based Harassment:** Sexual or Gender-Based Harassment includes any unwelcome sexual advance, request for sexual favors, or other unwanted conduct of a sexual nature, whether verbal, non-verbal, graphic, physical, electronic, or otherwise (sexual harassment); or, any act of intimidation or hostility, whether verbal or non-verbal, graphic, physical, or otherwise based on sex or gender, sexual orientation, gender identity, or gender expression, even if the acts do not involve conduct of a sexual nature (gender-based harassment); when one or more of the following conditions are present:

1. Submission to or rejection of such conduct is either an explicit or implicit term or condition of, or is used as the basis for decisions affecting, an individual’s employment or advancement in employment, evaluation of academic work or advancement in an academic program, or basis for participation in any aspect of a Dartmouth College program or activity (quid pro quo); or
2. The conduct is sufficiently severe, pervasive, or persistent that it has the purpose or effect of unreasonably interfering with, limiting or depriving an individual from participating in or benefiting from Dartmouth’s learning, working, or living programs under both an objective and subjective standard (hostile environment).

In evaluating whether a hostile environment exists, Dartmouth will evaluate the totality of known circumstances, including, but not limited to:

a. the frequency, nature and severity of the conduct;

b. whether the conduct was physically threatening;

c. the effect of the conduct on the Complainant’s mental or emotional state;

d. whether the conduct was directed at more than one person;

e. whether the conduct arose in the context of other discriminatory conduct;

f. whether the conduct unreasonably interfered with the Complainant’s educational or work performance and/or Dartmouth programs or activities;

g. whether the conduct implicates academic freedom or protected speech; and,

h. other relevant factors that may arise from consideration of the reported facts and circumstances.

B. Sexual Assault: Sexual assault is having or attempting to have sexual contact with another individual without consent (see below for definition of consent). Sexual contact includes:

1. sexual intercourse (anal, oral, or vaginal), including penetration with a body part (e.g., penis, finger, hand, or tongue) or an object, or requiring another to penetrate themselves with a body part or an object, however slight; or

2. sexual touching, including, but not limited to, intentional contact with the breasts, buttocks, groin, genitals, or other intimate part of an individual’s body.

C. Sexual Exploitation: Sexual Exploitation is purposefully taking sexual advantage of another person without consent. It may involve use of one’s own or
another individual’s nudity or sexuality. Examples of Sexual Exploitation include, but are not limited to:

1. voyeurism (such as watching or taking pictures, videos, or audio recordings of another person in a state of undress without their consent or of another person engaging in a sexual act without the consent of all parties);

2. disseminating, streaming, or posting images, pictures or video of another in a state of undress or of a sexual nature without the person’s consent;

3. exposing one’s genitals to another person without consent;

4. prostituting another individual; or

5. knowingly exposing another individual to a sexually transmitted infection or virus without the other individual’s knowledge and consent.

D. Relationship and Interpersonal Violence: Relationship and Interpersonal Violence includes any act of violence or threatened act of violence against a Complainant who is or has been involved in a sexual, dating, domestic, or other intimate relationship with the Respondent, or against a person with whom the Respondent has sought to have such a relationship.

Relationship and Interpersonal Violence may include, but is not limited to, threatening or causing physical harm or engaging in other conduct that threatens or endangers the health or safety of any person. It may also include forms of Prohibited Conduct under this policy, including Sexual Assault, Sexual Exploitation, and Stalking. Prohibited Conduct under this definition includes, but is not limited to, physical, sexual, emotional, economic and/or psychological actions or threats of action, including threatening to reveal personal or confidential information (including, but not limited, to information regarding one’s gender identity and/or sexual orientation), that are intimidating, frightening, terrorizing or threatening. Prohibited Conduct under this definition includes threats of violence or harm to one’s family member(s) or friends.

E. Stalking: Stalking occurs when a person engages in a course of conduct toward another person under circumstances that would cause a reasonable person to fear bodily injury or experience substantial emotional distress.

Course of conduct means two or more instances including but not limited to unwelcome acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property. Substantial emotional distress means significant mental suffering or
anguish.

Stalking includes the concept of cyber-stalking, a particular form of stalking in which electronic media such as the internet, social networks, blogs, cell phones, texts, or other similar devices or forms of contact are used.

F. **Provision of Alcohol and/or Other Drugs for Purposes of Prohibited Conduct:** The provision of alcohol and/or other drugs to an individual for the purpose of committing or facilitating Prohibited Conduct under this policy is also in and of itself a form of Prohibited Conduct. Such behavior may include provision of a drink or food which contains alcohol and/or other drugs without the knowledge of the individual to whom it is being provided or other actions taken with the intention of impairing the senses, judgment, and/or physical and mental ability of another person in order to engage in other forms of Prohibited Conduct. An individual does not have to engage in sexual activity with another person to be found responsible for the prohibited provision of alcohol and/or other drugs.

G. **Retaliation:** Retaliation means any adverse action or threat taken or made against an individual for making a good faith report of Prohibited Conduct or participating in any investigation or proceeding related to this policy. Retaliation includes threatening, intimidating, harassing, or any other conduct that would discourage a reasonable person from engaging in activity protected under this policy, such as seeking services, receiving protective measures and accommodations, and/or reporting Prohibited Conduct. Retaliation includes such conduct by associates or agents of a Complainant, Respondent, Reporting Party, or participant in any investigation or proceeding related to this policy.

VIII. **RELATED DEFINITIONS: CONSENT, COERCION OR FORCE, AND INCAPACITATION**

A. **Consent:** Consent is an affirmative and willing agreement to engage in specific forms of sexual contact with another person. Consent requires an outward demonstration, through mutually understandable words or actions, indicating that an individual has freely chosen to engage in sexual contact. Consent cannot be obtained through:

1. the use of coercion or force; or

2. by taking advantage of the incapacitation of another individual.

Silence, passivity, or the absence of resistance does not imply consent. It is important not to make assumptions; if confusion or ambiguity arises during a sexual interaction, it is essential that each participant stop and clarify the other’s willingness to continue.
Consent can be withdrawn at any time. When consent is withdrawn and outwardly communicated as such, sexual activity must cease. Prior consent does not imply current or future consent; even in the context of an ongoing relationship, consent must be sought and freely given for each instance of sexual contact.

An essential element of consent is that it be freely given. Freely given consent might not be present, or may not even be possible, in relationships of a sexual or intimate nature between individuals where one individual has power, supervision or authority over another. More information, policy and guidance regarding such relationships can be found below.

In evaluating whether consent was given, consideration will be given to the totality of the facts and circumstances, including but not limited to the extent to which a Complainant affirmatively uses words or actions indicating a willingness to engage in sexual contact, free from intimidation, fear, or coercion; whether a reasonable person in the Respondent’s position would have understood such person’s words and acts as an expression of consent; and whether there are any circumstances, known or reasonably apparent to the Respondent, demonstrating incapacitation or lack of consent.

B. **Coercion or Force**: Coercion is verbal and/or physical conduct, including manipulation, intimidation, unwanted contact, and express or implied threats of physical, emotional, or other harm, that would reasonably place an individual in fear of immediate or future harm and that is employed to compel someone to engage in sexual contact.

Force is the use or threat of physical violence or intimidation to overcome an individual’s freedom of will to choose whether or not to participate in sexual contact.

C. **Incapacitation**: An individual who is incapacitated lacks the ability to make informed judgments and cannot consent to sexual contact. Incapacitation is the inability, temporarily or permanently, to give consent because an individual is mentally and/or physically helpless, asleep, unconscious, or unaware that sexual activity is occurring. Mentally helpless means a person is rendered temporarily incapable of appraising or controlling one’s own conduct. Physically helpless means a person is physically unable to verbally or otherwise communicate consent or unwillingness to an act.

Where alcohol or other drugs are involved, incapacitation is a state beyond impairment or intoxication. Where alcohol or other drugs are involved, evaluating incapacitation requires an assessment of how the consumption of alcohol and/or drugs affects a person’s decision-making ability; awareness of consequences; ability to make informed, rational judgments; capacity to appreciate the nature and quality of the act; or level of consciousness. The assessment is based on
objectively and reasonably apparent indications of incapacitation when viewed from the perspective of a sober, reasonable person.

IX. SEXUAL OR INTIMATE RELATIONSHIPS BETWEEN INDIVIDUALS IN UNEQUAL POSITIONS

Relationships of a sexual or intimate nature in which one individual has power, supervision or authority over another at the time of the relationship fall into three categories, depending on the nature of the power, supervision, or authority. The definition of each category and the accompanying requirements for the individual with greater power, supervision, or authority are described below in A, B, and C. This policy does not apply to existing relationships predating its adoption. For all other relationships of a sexual or intimate nature following the adoption of the policy, the definitions and requirements described below do apply.

Taking advantage of one’s power, supervision or authority over another is unacceptable and may create a hostile environment for the individuals involved and the community at large that seriously undermines the atmosphere of trust essential to the academic enterprise. Inappropriate personal attention by an individual who is in a position to exercise professional power over another individual could include – but is not limited to – an instructor who determines a student’s grade or who can otherwise affect the student’s academic performance or professional future; a tenured professor whose evaluation of a junior colleague can affect the latter’s professional life; a coach who can affect the participation of a student-athlete; or an investigator who can determine the effort committed or salary received for grant-funded activities.

Amorous relationships that might be appropriate in other circumstances have inherent dangers when they occur between an instructor or officer of Dartmouth and a person for whom they have a professional responsibility (i.e., as instructor, advisor, evaluator, supervisor, coach, mentor). Implicit in the idea of professionalism is the recognition by those in positions of authority that in their relationships with students, faculty or staff there is an element of power. It is incumbent upon those with authority not to abuse, nor to seem to abuse, the power with which they are entrusted.

As defined in Section VIII, an essential element of consent to sexual contact is that it be freely given. Freely given consent might not be present, or may not even be possible, in relationships of a sexual or intimate nature between individuals where one individual has power, supervision or authority over another.

Any member of the Dartmouth College community with questions, concerns or doubts about the appropriateness of an actual, anticipated or suspected relationship should consult with the appropriate Dean, Deputy Title IX Coordinator, and/or the Title IX Coordinator.

A. Prohibited Sexual or Intimate Relationships: No Faculty, Staff or Employee
(as defined in Section III) shall request or accept sexual favors from or engage in
a romantic, sexual or intimate relationship with any Dartmouth College
undergraduate student.

No faculty, graduate, professional school or medical student; medical resident or
fellow; postdoctoral fellow, scholar, or research associate; research scientist,
distinguished fellow; teaching or research assistant or fellow; or proctor, mentor,
or undergraduate teaching assistant shall request or accept sexual favors from or
engage in a romantic, sexual or intimate relationship with any undergraduate,
graduate, professional school or medical student who is enrolled in a course or
section taught by that individual or otherwise subject to that individual’s
academic supervision. Academic supervision includes teaching, formal advising,
supervising research, serving on a dissertation or other academic committee,
grading, mentoring, coaching, overseeing and/or having influence upon funding
and/or academic progress, serving as a teaching assistant, and/or otherwise
occupying a position of influence or power over a student’s academic program.

Where a student’s academic program requires a course that is taught only by the
student’s spouse or significant other or in which the only teaching assistant is the
student’s spouse or significant other, the appropriate Dean may, in his or her
discretion, allow the student to take the course, so long as the conflict has been
disclosed and arrangements have been made for a person apart from the instructor
or teaching assistant who is the student’s spouse or significant other to evaluate
and grade the student’s work, provided such arrangements are feasible for the
course involved.

No Faculty, Staff or Employee (as defined in Section III) shall request or accept
sexual favors from or engage in a romantic, sexual or intimate relationship with
any Faculty, Staff or Employee subject to that individual’s supervision.

B. Relationships Between Individuals of Different Dartmouth Status: While not
prohibited, amorous relationships between individuals of different Dartmouth
status that occur outside the direct instructional, supervisory, or evaluative context
can also lead to difficulties. In a personal relationship where no current
professional responsibility exists, the individuals involved should be sensitive to
the possibility that they may unexpectedly be placed in a position of responsibility
for that individual’s instruction, supervision or evaluation. This could involve
being called upon to write a letter of recommendation or to serve on a promotion,
disciplinary, or selection committee involving the individual.

Although graduate, professional school or medical students; medical residents or
fellows; postdoctoral fellows, scholars, or research associates; research scientists;
distinguished fellows; teaching or research assistants or fellows; or proctors,
mentors, or undergraduate teaching assistants may be less accustomed to think of
themselves as being in a position of greater authority by virtue of their
professional responsibilities, they should recognize that they might be viewed as more powerful than they perceive themselves to be. To the extent these individuals are in leadership or supervisory positions, they should be aware of the dynamics and risks of relationships with a power differential. Relationships between individuals in the same academic department or program are particularly prone to such risks. Individuals with questions or concerns about the appropriate nature of an actual, anticipated or suspected relationship should consult with the appropriate Dean, Deputy Title IX Coordinator, and/or the Title IX Coordinator.

Even when both parties have consented at the outset to the development of such a relationship, it is the person in the position of greater authority who, by virtue of his or her special responsibility and educational mission, will be held accountable for the relationship. Accordingly, the person in the position of greater authority must notify their academic supervisor(s) and Human Resources to evaluate the situation and to determine whether disclosure on a Conflict of Interest Form and development of a Management plan is required.

C. Other Relationships Between Faculty, Staff and Other Employees With Unequal Positions of Authority: Where a consensual relationship exists between Faculty, Staff and Employees who occupy inherently unequal positions of authority, it is important that the person in the position of greater authority does not exercise any supervisory or evaluative function over the other person in the relationship. Accordingly, the person in the position of greater authority must notify their supervisor(s) and Human Resources to evaluate the situation. Furthermore, relationships of a sexual or intimate nature between individuals who are faculty, staff and/or students must be disclosed and development of a management plan may be required.

X. RESOURCES AND REPORTING OPTIONS

Dartmouth College offers trained professional resources for Students, Faculty and Staff, whether as Complainants, Reporting Parties, or Respondents, to provide support and guidance throughout the initiation, investigation, and resolution of a report of Prohibited Conduct. For comprehensive information on emergency assistance; hospitals; on-campus, community, and available support with academics, housing, and work, please refer to the Title IX Office website: www.Dartmouth.edu/titleixoffice.

Any individual who is uncertain what they wish to do in response to an alleged incident of Prohibited Conduct, including how or whether to report the conduct, may contact and consult a Confidential Resource to address questions and concerns in a confidential setting. Individuals with questions or concerns about Dartmouth’s processes may also contact the Title IX Coordinator directly as part of reporting the conduct to Dartmouth. Any individual may make a report of Prohibited Conduct under this policy regardless of affiliation with Dartmouth College.
Dartmouth College recognizes that deciding whether to make a report of Prohibited Conduct is a personal decision. The following principles and values will guide Dartmouth College as facts and circumstances permit:

1. Dartmouth College will seek to respect a Complainant’s autonomy in making the determination regarding how to proceed.

2. In limited circumstances, typically where a risk of imminent harm to an individual or others or a threat to the health and safety of the campus is determined to exist, Dartmouth College may be required to take immediate action upon receipt of a report of Prohibited Conduct. In such circumstances, the reasons and steps Dartmouth will take will be explained to the Complainant and, as appropriate, the Reporting Party.

3. Dartmouth College is committed to educating and informing individual(s) regarding the choices and options available to them, including resources and processes inside and outside Dartmouth.

4. Dartmouth is committed to protecting all participants in any investigation or proceeding related to this policy from retaliation.

5. An individual may choose to seek assistance, support or guidance from a Confidential Resource on campus or in the community. A disclosure to a Confidential Resource does not constitute a report to Dartmouth.

6. An individual may choose to make a report: (1) to Dartmouth College, via a Responsible Employee or the Title IX Office and/or (2) to external law enforcement. While conduct reported to a Responsible Employee will be conveyed to the Title IX Office, the most direct manner to make a report is to contact the Title IX Coordinator.

A. **Resources:** The following resources are available at Dartmouth College to individuals wishing to seek information and support, make a report and/or file a Complaint:

1. Confidential Resources – As outlined in Section V, Confidential Resources are prohibited from breaking confidentiality unless (i) given permission to do so by the person who disclosed the information; (ii) there is an imminent threat of harm to self or others; (iii) the conduct involves suspected abuse of a minor under the age of 18; or (iv) as otherwise required or permitted by law or court order.

[ADD CONFIDENTIAL RESOURCES FROM https://www.dartmouth.edu/sexualrespect/resources/on-campus-help.html]
2. Designated Reporting Options - Making a report does not require an individual to decide whether to request a specific course of action. Deciding how to proceed can be a process that unfolds over time with support and assistance. The following are resources that an individual can use to report conduct that could be a violation of the Policy. Likewise, the persons listed below are familiar with the Policy and may be contacted to address questions or concerns about the Policy.

| Title IX Coordinator: Kristi Clemens, [https://www.dartmouth.edu/sexualrespect/titleix/title-ix-coordinator.html](https://www.dartmouth.edu/sexualrespect/titleix/title-ix-coordinator.html) |
| Deputy Title IX Coordinators for Faculty, Staff, Undergraduate, Graduate, and Professional School Students: |
| Office of Student Affairs: [http://www.dartmouth.edu/osl/](http://www.dartmouth.edu/osl/) |
| Human Resources: [http://www.dartmouth.edu/hr/](http://www.dartmouth.edu/hr/) |
| Department of Public Safety: [http://www.dartmouth.edu/publicsafety/](http://www.dartmouth.edu/publicsafety/) |

3. Local Law Enforcement - Dartmouth College also strongly encourages anyone who becomes aware of an incident of Prohibited Conduct which may constitute a violation of law to report the incident to local law enforcement and will provide support, resources and assistance to those who do so. **If off campus, call 911 to reach local law enforcement, or contact:**

**Hanover Police Department**  
(603) 643-2222 (non-emergency number)

The local police department where the conduct occurred.

All Confidential Resources and Designated Reporting Options are able to provide or direct community members to this support option.

**B. Time Frame for Reporting:** There is no time limit on reporting violations of this policy, although Dartmouth College’s ability to respond fully may become more limited with the passage of time.

If the Respondent is no longer affiliated with Dartmouth (e.g., a report is made after a student has left or graduated or an employee no longer works for Dartmouth), Dartmouth will still provide reasonably available remedial measures to the Complainant, assist the Complainant in identifying external reporting options, and may take other appropriate action.

**C. Amnesty for Personal Ingestion of Alcohol or Other Drugs:** Dartmouth College generally will offer amnesty to a reporting Student, whether as a Complainant or a Reporting Party, for the personal ingestion of alcohol or other
drugs in violation of Dartmouth College’s Standards of Conduct.

D. **Assessment Upon Receipt of a Report**: Consistent with the processes that accompany this policy, upon receipt of a report, Dartmouth will conduct an Initial Assessment of the reported information to gain a basic understanding of the nature and circumstances of the report and to determine whether this policy applies to the report. The Complainant, Reporting Party, and/or Respondent (depending on the outcome of the Initial Assessment) will be provided with information about resources, procedural options, and remedial measures and an opportunity to discuss Dartmouth’s policies. The Initial Assessment will also include a determination whether a timely warning pursuant to the Clery Act is necessary to protect the safety of the Complainant, any other individuals, or the campus community.

E. **Remedial and Protective Measures**: Dartmouth College will take and/or make available reasonable and appropriate measures designed to preserve access to educational and employment opportunities; address safety concerns of the Complainant, the Reporting Party, the Respondent or broader Dartmouth community; maintain the integrity of the investigative and/or resolution process; and deter retaliation. Depending on the nature and specific facts and circumstances of the reported conduct, these actions may be remedial (measures designed to provide support and maintain continued access to educational opportunities) or protective (involving a restrictive action against a Respondent).

Interim remedial measures may be available regardless of whether a Complainant pursues an investigation or seeks formal disciplinary action. Interim remedial measures are also available to Respondents. In contrast, interim protective measures are typically only available when Dartmouth has a credible and articulable factual foundation that would support the taking of a restrictive measure against a Respondent prior to the conclusion of the investigation.

Interim remedial measures may include:

- Facilitating access to counseling and medical services;
- Guidance in obtaining a sexual assault forensic examination;
- Assistance in arranging rescheduling of exams and assignments and extensions of deadlines;
- Academic supports;
- Assistance in requesting accommodations through the appropriate office, if the Complainant qualifies as an individual with a disability;
- Voluntary changes in the Complainant’s or Respondent’s class schedule (including the ability to transfer course sections or withdraw from a course), work schedule, or job assignment;
- Change in the Complainant’s campus housing;
Escort and other safety planning steps;
Voluntary agreement by the parties to a mutual "no contact order," an administrative remedy designed to curtail contact and communications between two or more individuals;
Voluntary leave of absence;
Referral to resources to assist in obtaining a protective order;
Referral to resources to assist with any financial aid, visa, or immigration concerns; or
Any other remedial measure that does not interfere with either party’s access to education or employment opportunities can be used to achieve the goals of this policy.

Interim protective measures may include:

- Imposition of a "no contact order" prohibiting the Respondent or other individuals from having contact or communications with the Complainant or other individuals, or a requirement to have such contact only in specified circumstances and under monitoring;
- Change in the Respondent’s class schedule;
- Change in the Respondent’s Dartmouth work schedule or job assignment, including teaching, research, and service responsibilities;
- Paid or unpaid administrative leave for the Respondent;
- Withdrawal from sponsored research projects;
- Change in the Respondent’s campus housing;
- Exclusion from all or part of campus housing;
- Exclusion from specified activities or areas of campus;
- Prohibition from participating in student activities or representing Dartmouth in any capacity such as playing on an official team; serving in student government; performing in an official band, ensemble, or production; participating in a recognized student organization; participating in Greek life activities; or participating in academic honor ceremonies;
- Interim suspension; or
- Any other protective measure that can be used to achieve the goals of this policy.

Dartmouth will consider a number of factors in determining which measures to take, including the needs of the Student or Employee seeking remedial and/or protective measures; the severity or pervasiveness of the alleged conduct; any continuing effects on the Complainant; whether the Complainant and the Respondent share the same residence hall, academic course(s), or job location(s); and whether judicial measures have been taken to protect the Complainant (e.g., protective orders). Dartmouth will work in good faith to implement the requirements of judicially-issued protective orders and similar
orders, to the extent that doing so is within its authority.

The Title IX Coordinator is responsible for ensuring the implementation of interim measures and coordinating Dartmouth’s response with the appropriate offices on campus. Dartmouth will maintain the privacy of any remedial and protective measures provided under this Policy to the extent practicable and will promptly address any violation of the protective measures.

The Title IX Coordinator has the discretion to ensure the appropriateness of any measure. Dartmouth College will also provide reasonably available remedial measures for Invitees or Third Parties, provided that the remedial measures are within the scope of that individual’s relationship to Dartmouth College.

XI. APPLICABLE PROCEDURES UNDER THIS POLICY

All Complainants and Respondents are subject to and have access to the same procedures for an initial assessment. [LINK TO INITIAL ASSESSMENT] Likewise, should a report be referred for informal resolution based on the initial assessment, all Complainants and Respondents will have access to the same procedures. Thus, the role of the Respondent determines only the procedures that will be used if the report is referred for formal resolution. For the sake of clarity, the entire process – from receipt of a report until resolution – for each category of Respondent can be found on the Title IX Office website [LINK]:

- Process for Resolving Reports against Students
- Process for Resolving Reports against Staff
- Process for Resolving Reports against Faculty

The Title IX Coordinator or Team, as applicable, shall determine which process applies to each Respondent named in a report.

Invitees and Third Parties are both protected by and subject to this Policy. An Invitee or Third Party may report potential policy violations committed by a member of Dartmouth community, and Dartmouth will take appropriate steps to investigate and respond to the conduct consistent with the authority granted by Dartmouth’s jurisdiction over the Respondent. Dartmouth’s ability to take appropriate corrective action against an Invitee or Third Party will be determined by the nature of the relationship of the Third Party to Dartmouth. Based on the role of the Invitee or Third Party, Dartmouth may have limited authority to discipline the Respondent. However, Dartmouth will still take appropriate steps to investigate and respond to the conduct consistent with the authority granted by Dartmouth’s jurisdiction over the Respondent.

In response to a report against an Invitee or Third Party, Dartmouth will typically follow the below steps:
1. The Title IX Coordinator will evaluate the nature of the Respondent’s relationship with Dartmouth to determine the extent to which Dartmouth has disciplinary authority or control over the Respondent. The Title IX Coordinator will seek to make this determination within five (5) business days.

2. Consistent with Dartmouth’s disciplinary authority over the Respondent, if any, Dartmouth may take action under this Policy. An Invitee or Third Party who is accused of violating Dartmouth policy may have their relationship with Dartmouth terminated and/or be permanently barred from Dartmouth or subject to other restrictions for failing to comply with this Policy.

3. Dartmouth may take steps to investigate the conduct to inform the appropriate response. Those investigative steps may vary depending on the nature of the conduct, Dartmouth’s relationship with the Respondent, and the steps necessary to effectively address the conduct. Investigative steps may include interviewing the parties and witnesses, when available, and a review of other relevant information. Where there is a sufficient factual basis, an Invitee or Third Party who is accused of violating this Policy may be permanently barred from Dartmouth or subject to other restrictions for failing to comply with this policy.

4. The Title IX Coordinator will notify the Complainant about any actions taken by Dartmouth. In addition, Dartmouth may provide appropriate remedial measures to a Complainant, as described above in Section X.E, and may help to identify external reporting options that may have enforcement authority over the Respondent.

In all instances, the Title IX Coordinator will determine the appropriate manner of resolution consistent with Dartmouth’s commitment to a prompt and equitable process consistent with federal law, state law and this Policy. Dartmouth will ensure that any process used to respond to a report of misconduct against or on behalf of an Invitee or Third Party will take appropriate steps to eliminate the conduct, prevent its recurrence, and remedy its effects.

XII. SANCTIONS

A Student or Employee determined to have committed an act of Prohibited Conduct in violation of this policy or any other relevant Dartmouth policy is subject to disciplinary action. Disciplinary action may include – but is not limited to – a reprimand, probation, deferred suspension, administrative leave without pay, or temporary or permanent separation from Dartmouth College. Third Parties or Invitees who violate this policy may have their relationship with Dartmouth College terminated and/or their privilege of being on Dartmouth College premises withdrawn.

If a Student withdraws from Dartmouth College, or an Employee separates from Dartmouth College, at any time after a report has been made, Dartmouth may continue
with any of the processes for investigation and resolution, even without the Respondent’s participation. The determination as to how to resolve the report once a Student or Employee is no longer affiliated with Dartmouth College will be based on the Title IX Coordinator’s assessment of the actions necessary to eliminate Prohibited Conduct, prevent its recurrence, and address its effects, in consultation with other institutional officials as appropriate.

If a Student withdraws from Dartmouth College after Dartmouth has begun an investigation but prior to a finding or resolution, an entry may, in appropriate circumstances, be made on their transcript that indicates the Student has withdrawn with a disciplinary investigation or Complaint pending. As noted above, Dartmouth may elect to continue with the investigation.

If an Employee separates from Dartmouth College after Dartmouth has begun an investigation but prior to disciplinary charges being filed, an entry may, in appropriate circumstances, be made in their personnel file that indicates that employment terminated with an investigation pending. Dartmouth may elect to continue with the investigation. If an Employee separates after disciplinary proceedings have been initiated but prior to resolution, an entry may, in appropriate circumstances, be made in their personnel file that indicates that employment terminated with disciplinary charges pending.

XIII. FREE SPEECH AND INTEGRITY

Dartmouth College is committed to the principles of free speech. Vigorous discussion and debate and academic freedom are fundamental to this commitment, and may include speech that is offensive – for instance, speech that is controversial. That offensiveness, on its own, is not sufficient for the speech to constitute Prohibited Conduct. Rather, the conduct must be sufficiently serious to unreasonably interfere with an individual’s ability to participate in employment or educational programs and activities from both a subjective and objective perspective. Such behavior compromises Dartmouth College’s integrity and tradition of intellectual freedom and will not be tolerated.

XIV. CONFLICT OF INTEREST

A conflict of interest may arise when a member of the Dartmouth community uses or has the authority to use their position to influence a Dartmouth decision, action or outcome with regard to the implementation and enforcement of this policy, including associated investigative and disciplinary procedures. It is the responsibility of all members of the Dartmouth community involved in any aspect of a report of Prohibited Conduct to disclose potential or actual conflicts as they arise to Title IX Coordinator and/or Human Resources. Dartmouth community members who are covered by Dartmouth’s Conflict of Interest Policy (https://www.dartmouth.edu/~osp/resources/policies/dartmouth/cofinterest.html) are reminded of their obligation to comply with the requirements of that Policy.
XV. PREVENTION AND AWARENESS PROGRAMS

As part of its commitment to the prevention of Prohibited Conduct, Dartmouth College offers education and awareness programs. Incoming Students and new Faculty and Staff receive prevention and awareness programming as part of their orientation, and all Students and Faculty and Staff receive ongoing training and related programs on an annual basis.

XVI. VIOLATIONS OF NEW HAMPSHIRE STATE LAW

Behavior that violates this policy also may violate the laws of the local jurisdiction in which the incident occurred and subject a respondent to criminal prosecution by the presiding authority. An individual can choose to make a report to external law enforcement at any time and doing so does not preclude the individual from making a report to Dartmouth. Both processes can be pursued if an individual chooses to do so. Dartmouth College encourages individuals to report an incident which may be a violation of New Hampshire State Law to external law enforcement. Prompt reporting to external law enforcement is important in a criminal prosecution. The following sections compiled from the New Hampshire General Laws may be relevant to this policy: Aggravated Felonious Sexual Assault, RSA 632-A:2; Felonious Sexual Assault, RSA 632-A:3; Sexual Assault, 632-A:4; Domestic Violence, RSA 173-B:1; and Stalking, RSA 633:3-a.

Students, Faculty and Staff studying, working, or engaging in other Dartmouth College activities outside the State of New Hampshire are governed by the applicable laws regarding sexual assault and other criminal offenses implicated by this policy.

Behavior that violates this policy also may subject a respondent to civil or criminal liability. Please note that the preponderance of the evidence standard used by Dartmouth is not the standard used for criminal culpability in most jurisdictions and a determination of responsibility under this Policy does not equate with a finding of a violation of criminal laws.

XVII. AMENDMENT

With the exception of a) amendments to update or correct information on resources or contacts or other factual items, which may be made on an ongoing basis by the Title IX Office, and b) amendments to ensure legal compliance, which will be reviewed by the Provost and Deans of the four Schools and approved by the Provost and President, this policy, all processes for resolving reports against Respondents under this policy, and all other applicable procedures under this policy may be amended at the recommendation of the Title IX Council, with approval by the Provost, the President, and the Board of Trustees. Any amendment under (a) shall become effective upon adoption by the Title IX office; any amendment under (b) shall become effective upon approval by the President; and any amendment under (c) shall become effective upon approval by the Board.
